

ANTONIO R. VILLARAIGOSA
SPEAKER OF THE ASSEMBLY

October 14, 1999

Dear Fellow Californians:

The first year of the 1999-2000 session of the California Legislature has been one of the most productive in many years.

On the dawn of a new millennium, a Democratic-controlled Legislature and a Democratic Governor worked together to build a solid foundation for the next century. I cannot remember a session when as much time and energy were focused on reinvesting in the people and infrastructure of California.

The Legislature's most significant accomplishments in 1999 include:

- The first on-time budget in over a decade;
- Landmark education reform legislation and \$2.6 billion in additional school funding;
- The largest park bond in US history, and bonds for water storage, pollution and flood control, libraries, and crime labs;
- Significant HMO reforms;
- Reforms in the child support collection process;
- Reforms in California's nursing home industry;
- Restoration of mandatory pay for overtime and increased workers' compensation benefits;
- Continued get-tough-on-crime initiatives and steps to make our schools safer;
- A ban on the sale of certain assault weapons and unsafe "Saturday Night Specials," and a requirement for safety locks on guns;
- Protections for older workers from employment-based age discrimination;
- Mandating that workers can use sick leave to care for an ill family member; and
- Expanded anti-discrimination protections in employment and in our educational institutions.

I hope that this year's efforts will only be a beginning in re-building the infrastructure, economy and educational system that will prepare California for the next century.

Sincerely,

A handwritten signature in black ink, appearing to read "Antonio R. Villaraigosa".

THE 1999-2000 STATE BUDGET (SB 160)

An On-Time Budget.

The Legislature passed the budget to the Governor on June 16th – the earliest since 1986. The 1999 budget is the first one signed by the Governor before the July 1st deadline in over a decade. The on-time budget shows the powerful effect of cooperation between the Legislature and the Governor's Office.

A Responsible Budget.

The 1999 budget has a "rainy day" fund in excess of \$1 billion. This fund is to be used in the event of unanticipated problems, including natural disasters, revenue shortfalls or other unforeseeable events. It is the largest "rainy day" fund set aside by any Legislature in this decade. In addition, the 1999 budget fully funds the state's responsibilities for schools, universities and health and social services programs.

A Budget for the Future.

The budget invests over \$150 million for the acquisition and preservation of the state's natural resources. This is the largest budget appropriation made for these purposes in the 1990's. The budget also provides \$425 million to begin rebuilding the state's infrastructure, which has been the critical underpinning of California's economic development.

Budget Provides Tax Relief.

The budget provides for a \$500 million (\$250 million in 99-00) tax cut in the Vehicle License Fee as well as reductions in a number of other taxes.

AGRICULTURE

AB 555 (Reyes) – Farm labor transportation.

Strengthens the safety regulations governing farm labor transportation vehicles by requiring the Labor Commissioner to provide the California Highway Patrol with a list of all registered farm labor vehicles on a quarterly basis. Extends the inspection liability for farm labor vehicles to vehicle owners and farm labor contractors and increases fines for violations of inspection requirements for farm labor vehicles.

Status: Signed into law by the Governor.

AB 593 (Strom-Martin) – Farmers' markets.

Protects the integrity of farmers' markets and assures consumers that the high quality of fresh fruits, nuts and vegetables they have come to expect will be preserved by strengthening the certification program for farmers' markets and producers. Makes permanent the advisory board and establishes a fee paid by farmers and markets to CDFA.

Status: Signed into law by the Governor.

AB 1165 (Flores) – Farm labor vehicles.

Requires that any farm labor vehicle be equipped with safety belts. Requires the operator of a farm labor vehicle to request the scheduling of the currently required safety inspection by the California Highway Patrol. Requires the CHP to develop an "800" telephone number system to report farm labor vehicle safety-related violations.

Status: Signed into law by the Governor.

AB 1228 (Committee on Agriculture) – Pest eradication.

Authorizes CDFA to develop work plans and disburse funds to reimburse counties for high-risk pest exclusion and noxious weed programs and sunsets this authority on July 1, 2001. Makes permanent the ability of county agricultural commissioners to enter into "mutual aid agreements" to share staff and equipment with other counties.

Status: Signed into law by the Governor.

AB 1229 (Committee on Agriculture) – Agricultural land.

Allows additional public entities (resource conservation districts, regional parks, open space districts) to apply for grants and hold easements under the California Farmland Conservancy Program.

Status: Signed into law by the Governor.

AB 1232 (Committee on Agriculture) – Pierce's Disease.

Establishes criteria for the Secretary of CDFA to disperse \$1.5M funding during the next three years to research Pierce's Disease, a bacterial infection that is lethal to grapevines and threatens California's wine and tablegrape industries. Also authorizes the Secretary of CDFA to appoint a Pierce's Disease Advisory Task Force.

Status: Signed into law by the Governor.

AB 1258 (Strom-Martin) – Agricultural homestays.

Provides for the regulation of overnight agricultural homestays, in which visitors stay on an active farm, observing or taking part in farm-related activities. Farm owners would be subject to regulations similar to bed and breakfast operators.

Status: Signed into law by the Governor.

AB 1474 (Cardoza) – Livestock carriers.

Exempts from specified limitations, relative to highway access to terminals on State Highway 101, licensed carriers of livestock. Exempts vehicles owned by Indian tribes and used exclusively within the tribe's boundaries from any fees other than registration.

Status: Signed into law by the Governor.

AB 1548 (Cardoza) – Food Safety.

Establishes requirements for the Department of Health Services and local health officers to inspect new and registered food processing facilities.

Status: Signed into law by the Governor.

AB 1571 (Villaraigosa)- Air pollution reduction.

Creates the Carl Moyer Memorial Air Standards Attainment Program that provides grants to farmers, truckers and others to replace or retrofit

older diesel engines with clean-burning units.

Status: Signed into law by the Governor.

AB 1645 (Committee on Agriculture) – Agricultural education.

Requires the Department of Education, in consultation with the State Agricultural Advisory Committee, to establish a non-mandatory comprehensive agricultural education program for prekindergarten, kindergarten, and grades 1-12.

Status: Signed into law by the Governor.

CONSUMER PROTECTION

AB 585 (Floyd) - Driver's license renewal: mail.

Provides relief to a motorist who has sent in his or her driver's license renewal form and fee on time but is sanctioned by a law enforcement officer during the period after the motorist's license has expired and before the arrival of the renewed license from the DMV.

Status: Vetoed by Governor.

AB 143 (Calderon) - Transmission of money abroad: fees and commissions.

Imposes restrictions on businesses that transmit money abroad to protect consumers who send funds to relatives in other countries. Requires disclosure of exchange rates and restricts fees and surcharges.

Status: Passed by Assembly; pending in Senate.

AB 531 (Soto) – Service stations.

Requires that air and water services be made available at no cost to service station customers who purchase fuel and that they place a sign regarding these services. Creates a specified enforcement system by which consumers may report complaints via a toll-free number.

Status: Signed into law by the Governor.

AB 535 (Reyes) - Telecommunications: services.

Prohibits local exchange carriers that automatically provide custom calling services on a pay-per-use basis from providing such service to a subscriber unless the subscriber agreed to sign up for the service by returning a prepaid postcard to the carrier.

Status: Signed into law by the Governor.

AB 659 (Wiggins) - Point-of-sale stations.

Requires retailers that use price scanners to pay customers who provide evidence that they were overcharged. The payment would be the amount of the overcharge plus an additional amount equal to 10 times the overcharge, not to exceed \$7.50.

Status: Passed by Assembly; pending in Senate.

AB 850 (Torlakson) – Amusement ride safety.

Establishes a program for the regulation of permanent amusement rides, including the adoption of regulations for installation, maintenance, operation and inspections of rides, record-keeping, accident reporting, and financial responsibility requirements.

Status: Signed into law by the Governor.

AB 1290 (Davis) - Lemon law expansion.

Expands the period of time within which a motor vehicle may be determined to be a “lemon” to 18 months or 18,000 miles, whichever occurs first.

Status: Signed into law by the Governor.
